TO WHOM IT MAY CONCERN

Re: Roshawn Dillion

This serves to confirm that **Roshawn Dillion** is a past student of the above-named institution. During his tenure he opted to do Principle of Business and Principle of Accounts as his vocation.

I have been privileged to see Roshawn grow during his tenure at Green Island High School. During this time, I have found him to be a disciplined young man. He has proven to be trustworthy and hardworking, whilst maintaining a high level of maturity.

It is therefore my pleasure to recommend Roshawn to you as he seeks to enrol in your institution.
