Subject: Waiver for Timar Banner ID # 170572

Dear Miss Brown,

I hope this letter finds you well. I am writing to request a waiver of the one-year waiting period for Timar Banner, allowing him to participate in playing football this season.

Timar is an exceptional athlete with a strong commitment to the sport and his team. He has shown great promise in his training and has demonstrated leadership qualities that would greatly benefit our program. The waiting period, while understandable in certain circumstances, may hinder his development and the team's overall success.

Given Timar's dedication and potential, I believe that allowing him to play would not only enhance his skills but also contribute positively to the team dynamics. We are committed to fostering a competitive yet supportive environment, and Timar's inclusion would be a valuable asset.

I kindly urge you to consider this request and grant Timar the opportunity to participate this season. Thank you for your attention to this matter, and I look forward to your favorable response.

Respectfully,

.....
Elton Johnson, Dr., J.P.

Principal of Thompson Town High School
