COMMENTS

Form Teacher:

Nepaul's performance this term has been unacceptable, falling significantly below the expected standards. It is imperative to take immediate action to address the challenges being faced. Greater effort must be placed on reaching out to his teachers or year supervisors for guidance and support. Continue to encourage and guide him. S. James

Year Supervisor:

Nepaul has struggled to meet expectations this term, and there are areas where he needs to focus on improvement. His academic performance has not been up to standard, and it is important that he puts more effort into his work. However, Nepaul maintains a respectful and positive attitude. He is courteous to his peers and teachers and works well in group settings. With increased dedication and attention to his tasks, Nepaul has the potential to improve both academically and in his overall approach to learning. A. Brown

Principal/Vice Principal:
