Form Teacher's Comments Kedemah has the ability to do much better should he make greater efforts to follow classroom expectations and remain focused on learning.	Principal / Vice Principal's Comments Kedemah's current academic performance is below the expected standard. He needs to become more focused, committed, and assertive in his approach to learning. With greater effort, improved study habits, and consistent application, he has the potential to make significant progress and improve his grades. G. Shields for Principal
